General Summary

Dr. Shivnani is committed to providing compassionate, evidence-based care while also encouraging patients to consider clinical trials to advance the field. The trials that he has participated in have been presented at several national meetings, including the American Society for Radiation Oncology Annual Meeting. He has also published letters and articles in several journals including the New England Journal of Medicine, the Journal of the American Medical Association, and the International Journal of Radiation Oncology, Biology, and Physics.

Additionally, Dr. Shivnani is passionate about education for physicians and other members of the radiation team. He served as co-chair of the education subcommittee for the US Oncology Network Radiation Oncology Leadership Committee (2016-2019) and the Education Committee for the ASTRO Annual Meeting (2018-2021). He currently serves on several administrative committees within Texas Oncology.
