

Genetic Counselor

Certifications:

Genetic Counselors

Texas Oncology genetic counselors provide education and operational support to Texas Oncology physicians and advanced practice providers who participate in the Genetic Risk Evaluation and Testing (GREAT) program. Due to their operational role, Texas Oncology genetic counselors do not see patients. Find a provider in your area for genetic evaluation.

Spoken Language:

English

General Summary

Ann is the Regional Genetics Coordinator for the DFW West and West Texas regions for the Texas Oncology Genetic Risk Evaluation and Testing (GREAT) Program. Ann provides educational and operational support to Texas Oncology providers in west Texas and west DFW who participate in the GREAT program to ensure high quality genetic care.

In addition, Ann is the co-chair of the US Oncology GREAT Education committee and is dedicated to expanding genetics knowledge to providers throughout the US Oncology system. Ann is passionate about providing high quality hereditary cancer genetic counseling and testing to patients and their families to help prevent cancer.

Education

- **MS in Genetic Counseling (2012)**
University of Texas at Houston Health Science Center, Houston TX
- **BS in Biochemistry (2010)**
Texas Tech University, Lubbock, TX

Medical Practice

Prior to joining the Texas Oncology GREAT team, Ann was a clinical cancer genetic counselor at Baylor Scott & White Health in Dallas, TX. She has also worked in a prenatal, pediatric, and adult genetics clinic.

Other Information

When not immersed in the genetics world, Ann loves to read and spend time with her family. Ann lives in DFW with her husband and daughter.
