General Summary

Dr. Preethi Ramachandran is a board certified physician who has focused her expertise in the field of hematology and oncology. Her specialization is backed by comprehensive training in both the United States and the United Kingdom, granting her a unique perspective and skill set in these disciplines.

After completing her medical degree, Dr. Ramachandran pursued a residency and an extensive five-year fellowship in hematology in the United Kingdom and acquired the prestigious fellowship at the Royal College in London. After her arrival in the United States, she undertook a residency program at Case Western University located in Cleveland, Ohio. This was followed by a specialized fellowship in both hematology and oncology at Brookdale University Hospital and Medical Center, situated in the vibrant setting of New York City. These diverse training experiences have honed her clinical skills and knowledge, equipping her to excel in the fields of hematology and oncology.

Dr. Ramachandran's dedication to education is evident through her passion for teaching, a commitment that she actively upholds. Her involvement in numerous research studies and clinical trials underscores her proactive approach to advancing medical knowledge and treatment methodologies. Her contributions extend to clinical research, where she has delved into the complexities of myeloma, leukemia, lymphomas, and solid tumors. This hands-on engagement in research has culminated in publications that enrich the collective understanding of these critical medical domains. Her multifaceted involvement in education, research, and clinical practice positions her as a respected figure within this field.

What is your personal philosophy around patient care?

Dr. Ramachandran is a firm advocate of a holistic approach to patient care, extending beyond the confines of cancer treatment alone. Her philosophy emphasizes the comprehensive well-being of her patients. With a dedication to delivering the highest standard of medical care, she channels her extensive knowledge and experience to provide meticulous attention and treatment.

Central to her practice is the transparent communication of accurate health information to her patients. Dr. Ramachandran ensures that her patients have a clear understanding of their health conditions, fostering an empowered and informed partnership in their healthcare journey.

Recognizing the intricacies of medical care, she places great importance on interdisciplinary collaboration. Dr. Ramachandran champions a multidisciplinary approach, connecting her patients with specialists from various fields to address their unique needs comprehensively.

Her commitment extends further as she consistently applies her skills, clinical acumen, and medical expertise to each patient encounter. Keeping pace with the dynamic medical landscape, she remains updated on the latest advancements and technologies, thereby ensuring that her patients benefit from the forefront of medical progress.
