

Texas Oncology No Visitation Policy

Purpose: To limit traffic into our facilities for the protection of staff and patients.

Effective immediately, we are allowing only patients and essential vendors into our facilities. As much as possible, we need to limit the number of people in clinic spaces, waiting rooms and chemo suite.

Exceptions will be for patients who need assistance with mobility, translation, and disability.

Other exceptions may be identified but will need approval of the lead nurse at each facility.

For exceptions: One visitor, 18 years or older, may accompany the patient. All visitors and vendors must pass our established health-screening criteria at entry.
