

**Physician**

**Specialties:**

Gynecologic  
Oncology

**Board Certifications:**

Gynecologic Oncology  
Obstetrics and  
Gynecology

**Texas Oncology-  
Longview Cancer  
Center**

1300 North 4th St.  
Longview, TX 75601  
T: 903-757-2122

**Texas Oncology-Tyler**

501 Saunders Ave.  
Tyler, TX 75702  
T: 903-579-9800

**Metro Area:** East Texas

**Spoken Language:**

English

**General Summary**

Dr. Priebe has extensive experience in the minimally invasive management of gynecologic cancers and benign gynecologic conditions, including robotic and laparoscopic surgery.

Dr. Priebe provides comprehensive evaluation, treatment and follow-up of patients with suspected or proven pre-invasive or invasive gynecologic malignancies, including ovarian, endometrial, cervical, vulvar, vaginal and trophoblastic cancers.

**Education**

- **Fellowship in Gynecologic Oncology**  
University of Michigan, Ann Arbor, MI
- **Residency in Obstetrics and Gynecology**  
University of Massachusetts, Worcester, MA
- **Medical Doctorate**  
Poznan University of Medical Sciences, Poznan, Poland
- **Undergraduate Bachelor of Arts in Biology**  
Cornell University, Ithaca, NY

**Surgery Locations**

- Christus Mother Frances Hospital Tyler

**Research Interest**

Dr. Priebe is passionate about clinical research and has been both the principal investigator for clinical trials for women with gynecologic cancer as well as director of clinical research. Her interests include cancer cell metabolism and the molecular targeting of these aberrant pathways. She is particularly interested in patient education, empowerment and cancer survivorship. Dr. Priebe's clinical interests include minimally invasive surgery, tumor metabolism, translational research and survivorship

**Other Information**

A native of Poland, Dr. Priebe immigrated to the United States in 1981. Outside of work, she is an enthusiastic cook, and loves to read and collect books.

**Conditions & Procedures**

**Uterine cancer (Endometrial) Ovarian Cancer**

- Robotic laparoscopic hysterectomy / Bilateral salpingo-oophorectomy (BSO)
- Robotic radical hysterectomy / BSO
- Robotic Lymphadenectomy / Sentinel Lymph Node (SLN) Mapping
- Fertility-sparing approach

**Cervical cancer**

- Colposcopy
- Cervical dysplastic-Cold Knife Cone
- Robotic radical hysterectomy
- Fertility sparing approach

**Vulvar cancer**

- Wide local excision vulva
- Radical vulvectomy
- CO2 laser ablation of vulvar and vaginal dysplasia
- Sentinel Lymph Node (SLN) Mapping

**Other conditions**

- Gestational Trophoblastic Disease
- Gynecological Sarcomas
- Complex Benign Gynecological Conditions

**Other procedures**

- Robotic malignancy staging
- Robotic laparoscopic pelvic SLN
- Tumor debulking for gynecologic malignancies
- Advanced pelvic surgery

**Accolades & Memberships**

- Above and Beyond Award for Mentoring, University of Central Florida – 2014
- Berlex Junior Faculty Development Award – 2008
- American Association of Gynecologic Laparoscopists
- American College of Obstetricians and Gynecologists

**Accolades & Memberships**

- European Society of Gynaecological Oncology
- Society of Gynecologic Oncology
- George W. Morley Society
