General Summary

Roger M. Lyons, M.D., FACP, is board certified in hematology and internal medicine. Dr. Lyons is actively involved in clinical research. He is a founding member of Texas Oncology-San Antonio Medical Center. Dr. Lyons serves as Medical Director of Hematology for the US Oncology and McKesson Network, Medical Director of Laboratory Services for Texas Oncology and Medical Director of Myelodysplasia Foundation Center of Excellence in San Antonio. His special interests in oncology are in hematologic malignancies, such as myelodysplasia, leukemia, lymphoma, and multiple myeloma. He is also interested in non-malignant hematological disorders such as thrombosis, coagulation, platelet, and vascular disorders. He has published over 90 articles in peer-reviewed journals.
