Education

Dr. Park graduated with honors in 1995 and earned his master's degree in applied physics in 1997, both at the California Institute of Technology (Caltech). He earned his M.D. in 2004 from the University of California San Francisco (UCSF) School of Medicine and went on to complete his internship in internal medicine at the University of Washington in Seattle. He trained in radiation oncology at the University of Texas Southwestern Medical Center in Dallas, where he was chief resident.

Other Information

Dr. Park used to enjoy playing soccer, basketball, and softball. More and more, however, he is now finding himself on a couch with his favorite books. He and his wife Shannon have one daughter, Ayne.

"To cure sometimes, to relieve often, to comfort always" is the motto that he is reminded daily as he provides care to his patients.

Accolades & Memberships

Dr. Park is a member of the American Society of Therapeutic Radiology and Oncology, American Medical Association, the Texas Radiological Society and Tarrant County Medical Society. Dr. Park has authored numerous articles in peer reviewed journals and participated in numerous clinical trials. His research interests have been in stereotactic body radiation therapy and stereotactic radiosurgery using various platforms such as TrueBeam, Cyberknife, and Gamma Knife machines. He also performs high dose rate (HDR) brachytherapy for gynecological and breast cancers. Dr. Park has been listed as a "Top Doc" in Fort Worth, Texas magazine numerous times.
