Other Information

Dr. Manhas is committed to the health and well-being of individuals with cancer and blood disorders. Her focus is on compassionate care that is evidence-based and up-to-date. She guides patients and families through the difficult challenges of cancer. Part of her work has involved chairing multidisciplinary cancer conferences, which requires working closely with radiologists, radiation oncologists, surgical specialists, and pathologists. She has authored and co-authored several articles in peer-reviewed journals and given numerous presentations related to oncology. She frequently gives talks around the community on issues related to cancer, general health, and women’s health.

Clinical Interests

Atisha P. Manhas, M.D., FACP, has clinical interests in breast cancer, gastrointestinal cancers, and clinical research. Dr. Manhas is the principal investigator and site leader for The US Oncology Research Network at Texas Oncology-Methodist Dallas Cancer Center. She is a member of The US Oncology Breast Research Committee.
