General Summary

Dr. Hutson is the director of the Urologic Oncology Program and co-chair of the Urologic Cancer Research and Treatment Center at Baylor University Medical Center in Dallas, as well as a Professor of Medicine at Texas A&M College of Medicine. Dr. Hutson received his bachelor's and Doctor of Pharmacy degrees from Ohio Northern University, and his Doctor of Osteopathic Medicine degree from Ohio University. He completed residency in internal medicine, followed by fellowships in medical oncology and experimental therapeutics at the Cleveland Clinic.

Faith, and the relationship between religion and medicine, has been of particular importance to Dr. Hutson, especially in the area of end-of-life care. He has served as the medical director for Holy Savior Hospice in Dallas, and is an active member of the Christian Medical Dental Association. He has earned a Master of Biblical and Theological Studies degree from Dallas Theological Seminary and a Master of Divinity degree from The Southern Baptist Theological Seminary.

Research Interest

Dr. Hutson is recognized internationally as a leader in the field of urologic cancers, has authored over 500 scholarly works including original research, monographs and book chapters, is regularly invited to speak at medical venues around the world, and is the clinical lead investigator on several international research trials.

Other Information

Dr. Hutson is married to Kimberly Hodges Hutson and the couple reside in Plano with their two sons.
